Fido Fixers Inc. is an all-volunteer, not-for-profit Corporation founded to provide low-cost spay/neuter for cats and dogs in economically distressed areas. This is accomplished by providing mobile spay/neuter clinics to approved humane societies and rescue groups and made possible by the generosity of their donors.

Suncoast Humane Society’s Fido Fixers is one of only seven in the country and the only one in the state of Florida. Spaying and neutering of companion animals is a necessary requirement for the effective control of homeless animal population. Suncoast Humane Society is partnering with other local humane societies and rescue groups to identify locations where they can make a difference.

Suncoast Humane Society has served animals and people as a regional humane society since 1971. Operating one of Florida’s few “open admissions” animal shelters, no animal in need is ever turned away, regardless of health, temperament, breed age or size. Reaching over 450 square miles and 11 communities, the organization’s services reach Charlotte and Sarasota Counties, Boca Grande, and beyond. These programs and services are made possible solely by individual donations, wills and bequests, and limited grants from foundations. No funding is received from national or local humane groups, state or federal government. To learn more, please visit humane.org.
